CAF Fee Inequities

The State Water Board has determined that some inequities (see examples below) exist in the way fees are assessed to dairy facilities that contain both mature dairy cattle and bred heifers in excess of the industry average. To make the fee schedule more equitable, staff is proposing to remove “(not at a dairy)” from the Feedlots fee schedule (see Attachment 3).

Example 1

\$528 – Paid by a permitted facility with 50 milking cows that off-sources its replacement herd

\$0 – Paid by a permitted facility with 0-49 milking cows and 250 bred heifers onsite

Example 2

\$2,110 – Paid by a permitted facility with 600 milking cows and 2,000 bred heifers

\$4,220 – Paid by a permitted facility with 700 milking cows that off-sources its replacement herd
